Saddlerock Ranch is one of the most beautiful outdoor locations in all of Southern California.

Perfectly positioned at the crest of the Santa Monica Mountains, the vineyards are quite unique. The rocky terrain and steep south facing slopes provide the perfect environment for growing premium wine grapes. Planting started in 1997 with 14 acres of Cabernet and Merlot. Today, the hillside vineyards consist of approximately 60,000 vines on 65 acres and are well on the way to reaching a goal of 100 acres. Now you experience wine as a Malibu local. Malibu Wines tasting room is the cozy and chic destination favored by surf and sand loving oenophiles. Nestled high above the fabled coastline that has enchanted the famous and the fabulous throughout its storied history, Malibu Wines invites you to choose from a selection of wines harvested and produced from this legendary terroir. Ocean air, luscious sky, impeccable grapes, classic soil—each sip is a memory produced with love and affection from the locals.

Malibu Wines proudly feature fine wines from Malibu Family Wines (MFW), best known for integrating new-world technology with old-world artistry. The vineyards are located in the ideal environment for growing premium wine grapes—high altitude separated from the coastline, pristine weather conditions, rocky soil. Hand-picked and sorted the same day, the vines are typically harvested in late September or early October. Wines are aged in a combination of premium French and American oak. The final result is a perfectly designed blend of fruit, tannins and structure. Complex and drinkable. “Our wish is that you enjoy our wines as much as we do in creating them”, states Tami Semler.

There is no better way to “use” their featured wines than in pairing them with distinctive foods. You can compliment your chosen wine with a light repast of gourmet sandwiches, classic salads, artisan breads, and hand-crafted cheeses. Picnic with family and friends on their hilltop grounds shaded by Italian olive trees and touched by the always temperate climate. You can pro-

long your adventure when you visit their gift shop and take home a bottle of your perfect afternoon. Cheeses, meats, breads, salads, sandwiches & assorted delectables are available with all tastings. As Shakespeare wrote, “Good wine is a good and familiar creature, if it be well used.”
